**Morehead State University
Report: Implementation of Campus Visit Recommendations**

The campus visit to Morehead State University was conducted in spring 2006. The committee was unable to include the initial response by MoSU on its October agenda. This represents the initial MoSU report on the status of implementing recommendations contained in the CEO campus visit reports. The report is expected to identify strategies used by the institutions to implement each recommendation and include discussion regarding the level of success and how success is evaluated.

Status reports are intended to assist the CEO in addressing its responsibility to monitor institutional progress in implementing *The Kentucky Plan for Equal Opportunities* and the Partnership Agreement with the U. S. Department of Education's Office for Civil Rights.

A written report is included as an attachment.
